Project budget summary: Water Resilience Project (fictional sample)

Applicant: Riverbend Water Stewards

Project period: 01/04/2027 to 30/09/2028

All amounts are in South African rand and include VAT where it applies.

Budget lines

Borehole rehabilitation: R 1 150 000

Water tanks and stands: R 640 000

Community training: R 410 000

Monitoring equipment: R 380 000

Staff costs: R 420 000

Administration: R 150 000

Summary

Total project budget: R 3 150 000

Funding requested from this grant: R 2 450 000

Own contribution: R 700 000

Notes

The own contribution is made up of materials and labour given by the community.

Prices were checked against three supplier quotations in October 2027.

A contingency is included in each line and is not shown separately.

The budget was prepared by the finance officer and approved by the board.

This budget is invented for software testing only.
