Application form for grant GC-2027 (fictional sample)

Please complete every section in plain language.

Applicant details

Organisation name: Riverbend Water Stewards NPC

Contact person: the programme manager, whose details are in the covering letter.

Number of households served: 1 200

Previous grant received: R450 000 in 2025 for a smaller borehole project.

The project

Funding requested: R2.4 million

Project start date: 1 April 2027

Project end date: 31 March 2028

The project repairs and extends the water supply to six villages along the Riverbend valley.

Work includes rehabilitating boreholes, installing storage tanks and training local caretakers.

Villagers will help to choose tank sites and will take part in the monitoring each month.

We expect the supply to reach every household within the project period.

Progress reports will be sent at the end of each quarter.
